To Chefs EXTRAORDINAIRE Jeff and Ken

Dear Gang

I just wanted to take the time to say thank you, so much for such a tremendous feast that you provided for our party on Friday. Jeff, as you know I have had the experience to witness and be part of many dinner/party functions across North America and have seen some of the best that there is to offer in both fine dining and also back yard catering.

I want to assure you of one thing. You have been able to bring all of my experiences within the dining industry, right to the front of our driveway and I mean that.

The professionalism and quality of work performed and the quantity of the meals that were served, were second to none and your quest for details and presentation was number 1.

Please thank the girls for such a marvelous job that they did also and forgive me if I say, that their beauty and charm they presented to all of our guests, certainly accented the quality of your services. They were wonderful and very helpful to work with.

In closing, if I have only one word of advice to give you, it would be simply this.

*****KEEP DOING WHAT YOU ARE DOING*****

With full stomachs, your friends
